

Youth Board Questionnaire

Before we start the questionnaire let us introduce ourselves and explain to you shortly about the Youth Board and its purpose.

INTRODUCTION ACKNOWLEDGING YOUTHS

Acknowledging Youths CIC delivers high-quality courses and training, as well as assistance with internships, apprenticeships and work experience, to young people who want to succeed in the world of work.

Our courses are open to all those who are currently unemployed, out of education and out of training. We are led by the youth to help the youth, which is what makes us successful.

WHAT IS THE YOUTH BOARD?

A Youth Board is an advisory committee created to give youth an opportunity to express their ideas and opinions. It enables young people to take on a responsible role shaping changes which affect their life and the community they live among.

THE PURPOSE OF THE YOUTH BOARD IS TO FACILITATE:

- Open dialogue amongst young people on issues that are important to them in their communities;
- Creative exchange of ideas, solutions and projects and opportunities;
- To act on issues important to young people;
- Networking opportunities amongst young people and adults;
- Campaigning on issues that affect young peoples' lives, through engaging with relevant decision makers.

WHAT IS THE IMPORTANCE OF THE YOUTH BOARD?

The role of the Company Board is to listen carefully to what the Youth Board says, to consider how their ideas and opinions could be maximised and incorporated into community planning.

The Youth Board meets regularly to discuss how they can contribute to AY. They help interview for staff, do consultation and questionnaires with young people and help with fundraising.
